The NERO LARP Office is proud to announce the opening of its newest NERO LARP Affiliate in Gauteng, South Africa.

NERO Gauteng is owned by Tales of Teana and will be using the NERO LARP Rule Book 9th Edition, available in PDF as a free download.

The NERO LARP Affiliate is based out of Gauteng, South Africa, and will mainly cater for Gauteng residents. They are also working in conjunction with <http://www.MeadSA.co.za> which has been running weekend LARP events for the past 3 years. Work is underway to convert the current Mead campaign to the NERO LARP system.

NERO Gauteng have been hard at work developing staff and the in-game LARP Teana campaign over the last few months, with current plans to produce their first NERO LARP event in April 2012.

Promotional efforts will primarily include word of mouth, social media and attending local game conventions.
